Note: Past returns are not guarantee for future returns. Subscription and redemption fees reduce the total return on investment.

## Basic chart over 36 months

**Return overview** 

is not guaranteed and may change over time. The lowest category does not mean risk free. The Fund is rated five due to the nature of its investments which include the risks listed below. These factors may impact the value of the Fund's investments or

The risk indicator was calculated incorporating simulated historical data and may not be a reliable indication of the future risk profile of the Fund. The risk category shown

expose the Fund to losses. The value of equities and equity-related securities can be affected by daily stock

market movements. Other influential factors include political, economic news. company earnings and significant corporate events.

Particular risks not adequately captured by the risk indicator include:

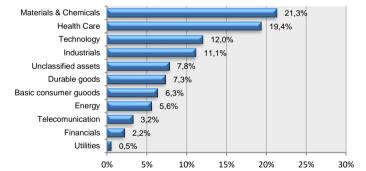

Liquidity Risk - lower liquidity means there are insufficient buyers or sellers to allow the Fund to sell or buy investments readily.

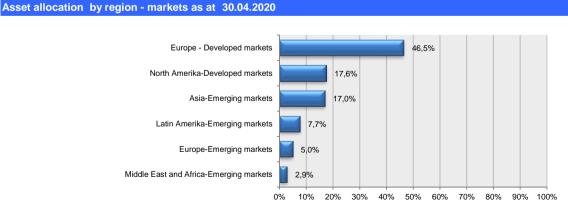

Credit risk - the issuer of a financial asset held within the Fund may not pay income or repay capital to the Fund when due.
